IMPRESSIVE PERFORMANCE BY FACULTY OF HEALTH SCIENCES DURING THE UNIVERSITY SPORTS DAY

Team Afya, the Faculty of Health Sciences Team, had an impressive performance during the Annual University of Nairobi Sports Day held on Friday 14 October 2022 at the University Main Campus Sports Grounds.

Team Afya won gold medals in chess (women) and rugby; silver medals in netball and chess (men), and bronze medals in hockey, basketball, swimming and athletics. The students' team received a fantastic bronze in overall ranking and the staff team got a magnificent silver. Overall the FHS team emerged third.

The achievement has brought out our great team spirit.

On behalf of the FHS community I extend hearty congratulations to the Games Tutor, Ms. Rose Marete, all the team captains and individual team members for their collective and individual effort.

Well done Team Afya!

PROF. GEORGE OSANJO
DEAN, FACULTY OF HEALTH SCIENCES
